

HERITAGE[®]
COLLECTION

HISTORY IN THE MAKING

Our Factory

Heritage Collection has manufactured luxury tableware for over 45 years. Based in Birmingham the company is a UK family business founded in 1976 as Heritage Silverware Ltd. The main factory has a manufacturing and plating facility with two showrooms which showcase the wide variety of products. These range from Silverplated and 18/10 Cutlery/Flatware/Holloware to Chinaware and Stoneware, along with many other items from glassware to woodware, plus much much more.

To date we are privileged to be a leading British manufacturer for top hotels and restaurants around the world. Due to the large diversity of our products this compact catalogue looks to focus on just one of our sort after specialist areas.....that of Afternoon Tea. There is also a small section towards the end that can provide an insight to just a few other products in our repertoire.

Our core belief in British craftsmanship has meant the company continues to develop its manufacturing capabilities in the heart of Birmingham. Combining traditional hand skills and techniques developed over hundreds of years with advanced software and machinery.

Our Clients

As a specialist in the bespoke manufacture of luxury tableware, Heritage has been privileged to work with iconic brands in the Hotel & Leisure industry. These include clients such as The Ritz, The Dorchester, The Shard, QE2, Intercontinental Hotels, The NED and many more...

In recent years we have worked with our clients creating unique ranges of items not just in metalware but in Fine Bone China, Glassware and Wood. Due to the expansion of products the company re-branded itself as Heritage Collection in recognition that silverware is now part of the portfolio of luxury tableware we offer our clients.
