COLLECTION

**CUTLERY CATALOGUE**

2019 - 2020

Heritage Collection cutlery is manufactured for the most exclusive luxury hotels and restaurants internationally. Made to our exacting standards with the best quality materials. We finish all of our Silver plated and Stainless Steel cutlery ranges to the highest specifications. Over many years we have developed a tradition for producing items of holloware with an usual blend of the most skilled detailed work by our master silversmiths and then utilising modern production techniques to achieve the most competitive of pricing. Now we have brought this technology to work on cutlery whether you choose from the traditional patterns such as 'Bead' or the more contemporary designs such as 'Warwick', we believe Heritage cutlery will enhance your table.

## HERITAGE COLLECTION

### CUTLERY CATALOGUE

Because Heritage cutlery is 'Hard Silver-plated' and to the exacting specification as stated below, this ensures Heritage cutlery will be extraordinarily long lasting and suitable for cleaning in dishwashers and burnishing machines.

#### Qualities Available:

Silver-plated EPNS, Silver-plated EPSS,  
18/10 Stainless Steel

#### Base Metal:

Nickel Silver (10-12% Nickel), 18/10 Stainless Steel  
AISI 304

#### Standard Finish on Cutlery:

Highly Mirror Polished

#### Silver-Plating:

EPNS & EPSS cutlery is 'Hard Silver-plated' and the areas most subject to high wear such as the back of the bowl and handle receive extra coverage.

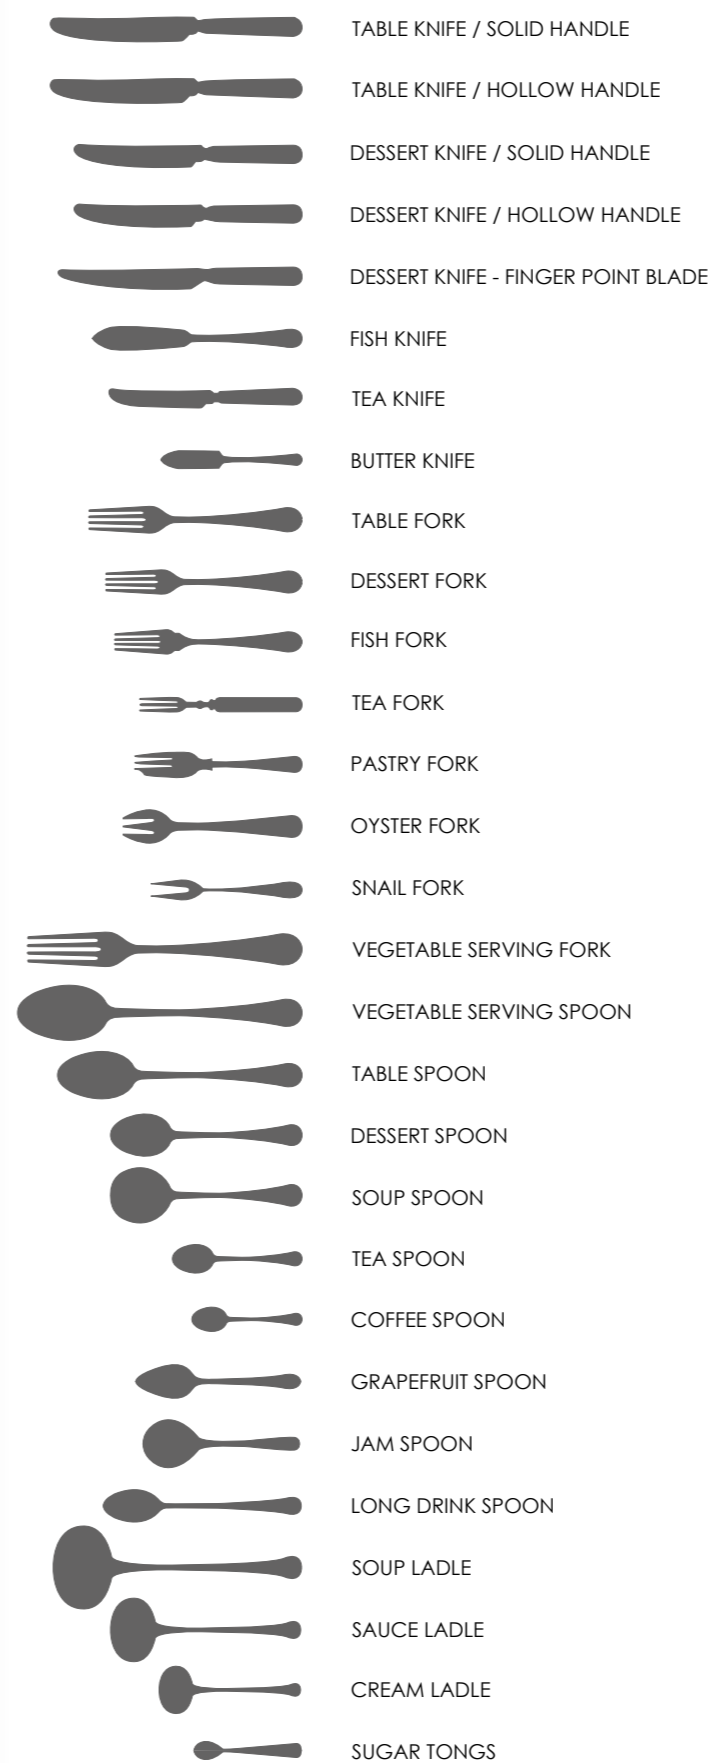

#### Knives:

Knife blades and solid handle knives are made from special blade steel with very good cutting properties and highly resistant to corrosion. Note that our EPNS ranges can be made with a choice of finger point or Slipper blades on the knives

## WARWICK

Warwick is a striking flat contemporary look, with clean lines and the highest polished finish. This cutlery range has proved an extremely popular pattern and is made from the highest grade stainless steel.

Available in Polished Stainless Steel **ST/ST**

Other finishes are available, see page 6-7 for more details.

# STYLE WARWICK

*Featured with our stonewashed finish, this pattern lends itself to modern settings. Softening with satin or stonewash effects or becoming bold with a bright polish finish. The flat open handle also provides a perfect placement for branding with company logos.*

## BEAD

Designed in 1780 by renowned silversmith Hester Bateman. Beading around the edge gives the style its name and at our factory we offer clients the choice of having this beading applied to any piece of Holloware such as Teapots, Coffee pots, Trays etc to complete a whole service.

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## FIDDLE EPNS

One of the oldest and best loved English designs, which pays homage to the musical violin. Since it first appeared in around 1780, its unique shape handle has been used to produce other famous designs but with added decoration such as Fiddle Thread and Shell..

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## FIDDLE THREAD & SHELL

Inspired by architecture within the Georgian Period. Embracing the baroque style embellishments with a delicate thread border and distinct shell detail towards the tips of the handles along with the back of the bowls.

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## HARLEY

A pattern originating in 1935 and taking inspiration from the Art Deco influence of this era. Featuring sharply defined outlines that fan out towards the ends of the handle, attributing to the more geometrical shapes seen within this period.

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## JESMOND

Designed in 1925, this pattern with its simple line and scroll end is popular with those who prefer less ornate traditional patterns but still retaining elegance by its beautiful slender styled handles.

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## KINGS

Believed to have been produced first in London in the early 1800s commissioned from King George III. Kings remains still after 200 years one of the oldest and most popular of our cutlery designs. With its rich detailed pattern of shells and honeysuckle gracing the tables on many formal occasions in buildings throughout the world.

Available in Silver Plated EPNS 

Other finishes are available, see page 6-7 for more details.

## RATTAIL

The oldest pattern in our range with a simple, elegant and ageless design which has been popular since the 1700s. Its name derives from the tail on the back of the spoon and fork and the raised line running along the middle of the handle.

Available in Silver Plated EPNS S

Other finishes are available, see page 6-7 for more details.

## WILMCOTE

Wilmcote exudes a classic beauty. This pattern displays clean, simple fine lines which sweep along each handle giving a delicate fan like appearance.

Available in Silver Plated EPNS S

Other finishes are available, see page 6-7 for more details.
